# A Dispersion Hand To

Garvin Brown and Sutherland All-Steak, champion Shorthorn and champion junior yearling over all breeds at the 1950 International.

On behalf of my brother, Lyons, and all those connected with the 'Browns of Kentucky' herds, may I extend to you our cordial invitation to attend our 1955 sale.

No one will ever know how much deliberation was involved in reaching the decision to disperse the Sutherland herd. However an agreement to sell the farm upon which the herd is located makes the decision final.

Unlike most dispersions, the closing out of the Sutherland herd will not sever my connections with the Shorthorn industry. The Ashbourne herd, property of my brother, and the great herd at Brown-Forman Experimental Farm, are to be continued, and I shall maintain an active interest in both. Moreover, my own commercial Shorthorn herd of 80 cows is to be continued for the purpose of producing top club calves.

# That Should Lend A Helping Herds Old And New . . .

It is generally known that only top specimens of the breed went into the foundation of the Sutherland herd. Unfortunately for us, but of greatest fortune to you, is the fact that the herd must be dispersed just when it has reached its peak of production.

We hope that you will be able to arrive on the day before the sale. With 110 head selling there is much to see.

Lyons Brown, owner of Ashbourne Farms, right, with auctioneer Jack Halsey and Clem Larson, American Shorthorn Breeders' Association getting ready to enjoy a chicken dinner before The Browns of Kentucky sale.

You are invited to attend a gathering of sale guests to be held in the Old Forester Room, Brown Forman Distillers Corporation in Louisville from 5:30 p.m. to 8:00 p.m. for cocktails and supper on Friday, October 7.

# SALE INFORMATION

**Location . . .** The sale will be held at Ashbourne Farms, LaGrange, Kentucky, located on U. S. 42, twenty-five miles northwest of Louisville. U. S. 42 is the main highway between Louisville and Cincinnati.

**Health . . .** All cattle in this sale will be tested for T.B. within 30 days of the sale. Calfhood vaccination for Bangs under government supervision is practiced by all of the herds. Bangs vaccination certificates will be attached to the health papers on all the under-age vaccinated females, and, of course, a Bangs test will be made on all vaccinated females over the age limit. The cattle are pretested clean before vaccination. Interstate health charts will be delivered to out of state buyers.

**Headquarters . . .** Sale headquarters will be the Seelbach Hotel, Louisville, Kentucky, and the Ashbourne Inn, LaGrange, Kentucky. Transportation will be provided from each hotel. We urge visitors to make their reservations early.

**Liability . . .** The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Neither the individual designated as sale manager, the clerk, or auctioneers assume any liability. The sale manager was retained by the owners for specific tasks promotional and clerical and has nothing to do with the condition of the premises or the handling of the cattle. Accidents at cattle sales are rare, but every person attending must do so at his own risk. The owners will make every effort to provide for the comfort and safety of those attending.

**Visit The Farms . . .** You are cordially invited to visit any of the farms before or during the week of the sale. You will enjoy seeing the dams of the sale entries and the stock bulls that head the herds.

**Terms . . .** the terms of the sale are cash.

**Auctioneers . . .** J. E. Halsey, Des Moines, Iowa. C. D. Swaffar, Tulsa, Okla.

**Mail Bids . . .** Those unable to attend the sale may send mail bids to the following representatives with every assurance the bids will be carefully and faithfully executed:

Hal Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

Allan C. Atlason, American Shorthorn Breeders' Assn., 7 Dexter Park Ave., Chicago, Ill.

Clinton K. Tomson, Harding and Harding, Geneva, Ill.

**Crowd admiring the cowherd at Brown-Forman Experimental Farm, Frankfort, Kentucky, on occasion of the Field Day held there July 10, 1953.**

Dispersions of great herds such as Sutherland are the means by which strong new herds are founded. They provide an opportunity for the breed's best cattlemen to select proven producers to top their herds. The loss to the breed results in the loss of the individuals behind the herd. Most fortunately, the sale of the Sutherland herd will not mean the end of Garvin Brown's connection with the Shorthorn industry.

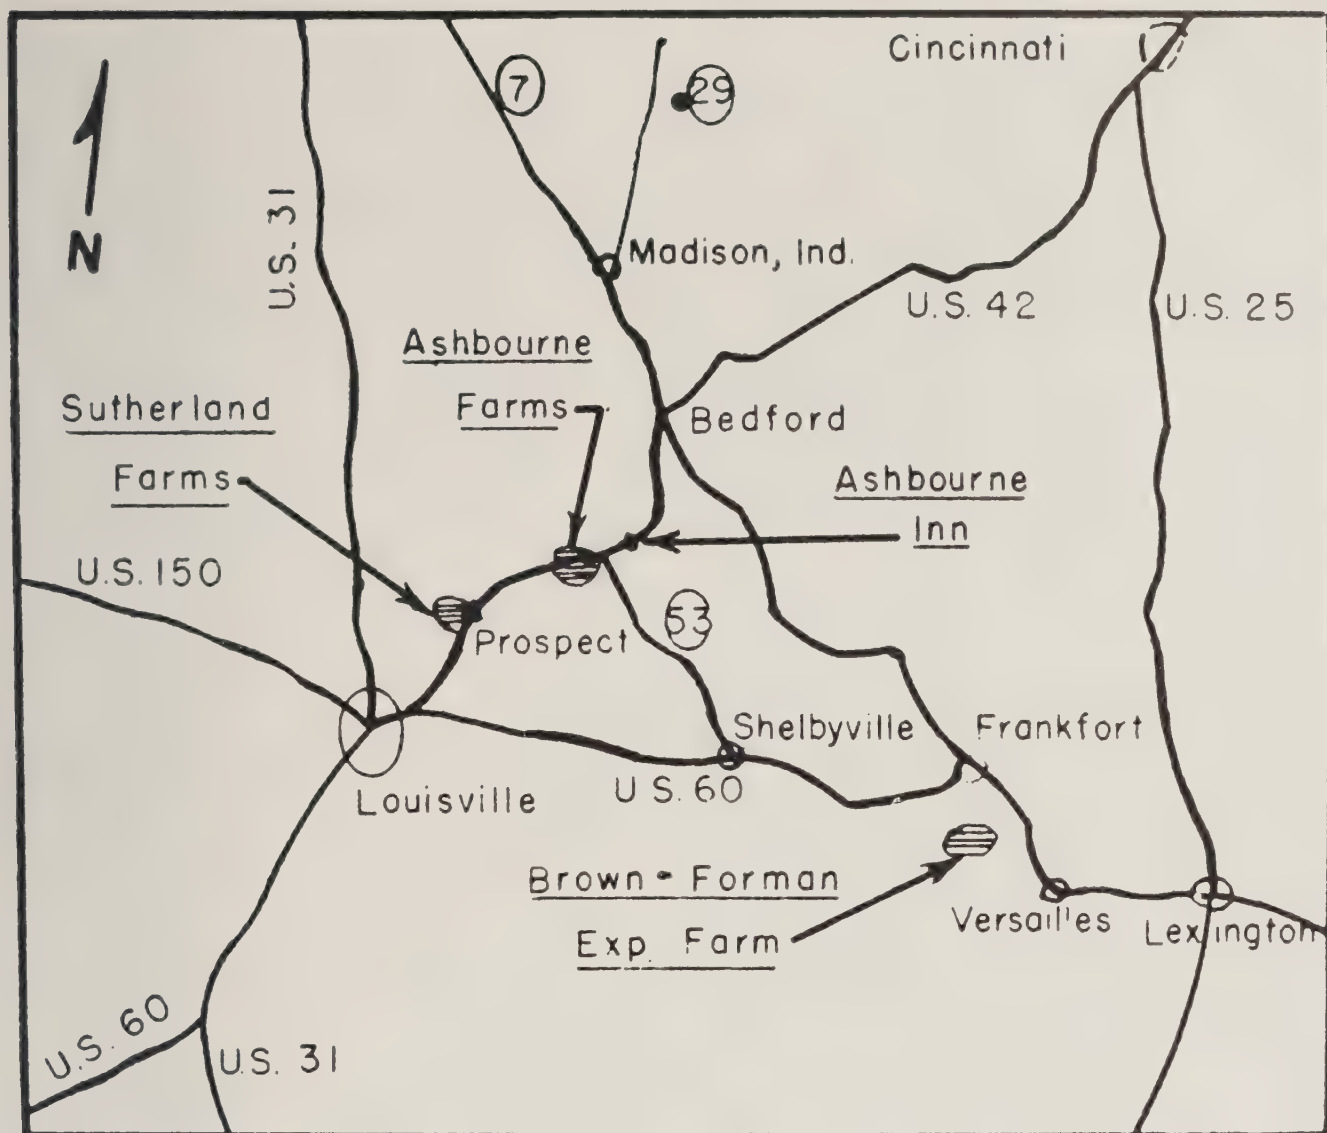

Lyons and Garvin Brown have built a large industry through combining their own energy with the most capable managerial assistance available. They have followed this same practice on their farms. When Sutherland was in its infancy, Dan Cox, popular Eastern fieldman for the American Shorthorn Breeders' Association was hired as manager. With such expert judgement behind the female foundation selections, it is no wonder Sutherland today is one of the most admired herds of the breed.

This dispersion in no way affects the plans of the two remaining herds, Ashbourne and Brown-Forman Experimental Farm, to carry on their breed building annual sale. These herds have reached the point where production is sufficient to sustain easily an annual sale.

The Sutherland dispersion has made it possible for the other two herds to be even more selective with their sale cattle than ever before. Ashbourne and Brown-Forman generally sell about 50 head in this sale. The 25 they selected is the top half planned originally for this sale. The 85 head in the Dispersion plus the 25 from Ashbourne and Brown-Forman make this an offering no breeder should miss. There cannot help but be great values in such a sale.

## Easy to reach from any part of North America

There are few places easier to reach than Louisville. It's located within easy access to breeders from North, South, East and West. Upon arrival call LeGrange, Kentucky 5305 for transportation to farm.

Louisville is served by American, Eastern, TWA, and Piedmont airlines; and by nine different railways.

## GUARANTEE

1. Since the Ashbourne and Brown-Forman Experimental Farms herds are to be continued the cattle sold by these two herds will be sold guaranteed under the terms of the standard guarantee of the American Shorthorn Breeders Association.
2. The Sutherland herd is backed by an enviable reputation gained through good management and honest business practices. Nearly every cow in the herd has a calf at foot or shows every evidence of being in calf. A competent veterinary will examine those females from all the herds far enough along in calf and the results will be announced on sale day. Any known faults will be clearly announced from the auction block. As this is a dispersion, no guarantee will be given on the Sutherland cattle. Announcements at the sale will take precedence over printed matter in the catalog.

This is Sni-A-Bar Randolph's 1951 junior get that placed first at the International.

Sni-A-Bar Randolph—The most famous sire of the Mercury line. He was twice an International reserve champion and a member of the first prize get-of-sire, first prize pair of yearlings, first prize two-bull and three-bull groups at the International Livestock Show. Although a great show bull in his own name, his real recognition in Shorthorn history will always be as a sire. In 1950 we exhibited his first calves. They won the get-of-sire class at the 1950 Eastern National. At the 1951 International we exhibited six Randolph calves, winning first prize senior yearling, first prize junior bull calf, second prize two-bull group, second prize senior heifer calf, fourth prize junior heifer calf, fourth prize senior get-of-sire, first prize pair of calves and first prize junior get-of-sire. On the 1952 show circuit, his calves won first prizes at many state fairs and ended the season by winning first prize in the senior get-of-sire class at the International Livestock Show. Again in 1953 and 1954 we exhibited his sons and daughters with success.

## **SNI-A-BAR RANDOLPH**

# DRUMMONDREACH ADVOCATE

## Supreme Champion, Perth, Scotland, Show and Sale, 1953

Only five times in history has the Supreme Champion at the great Perth show and sale in Scotland come to North America. Drummondreach Advocate was the Supreme Champion in 1953 under Clinton K. Tomson, one of the world's most widely known Shorthorn judges, and was purchased for us by Mr. Tomson.

Besides the record of his calves in the old country, Drummondreach Advocate has now given us ample evidence of his potency as a sire. You will see many excellent calves by him in our herds.

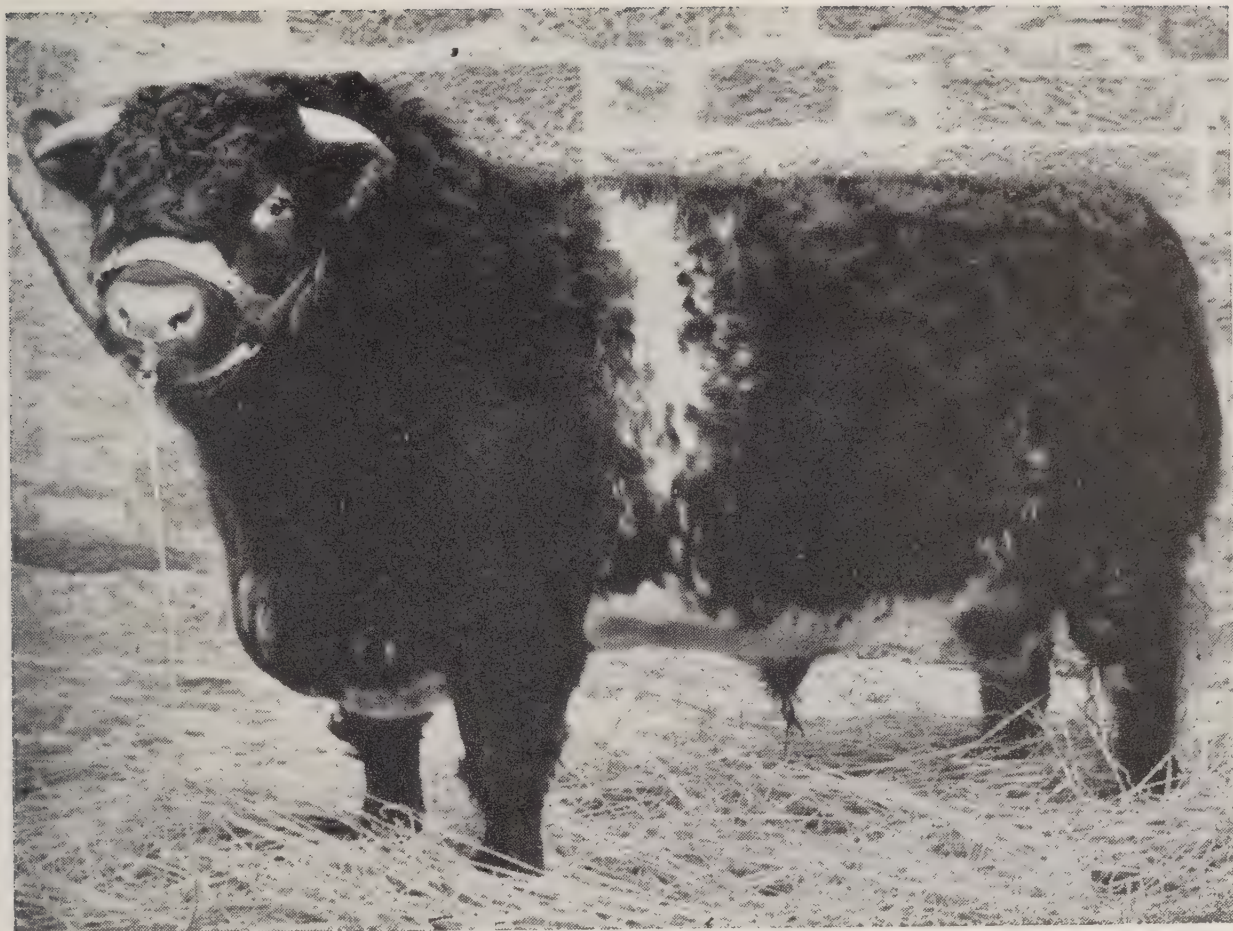

One son and one daughter will be sold in this sale. As of the pregnancy examination on August 10, eleven females were pronounced safe in calf to him, and six cows selling had calves at foot by him (three bulls, three heifers).

Drummondreach Advocate is backed by blood that has proved most prepotent in Scotland. His sire, Calrossie Balmoral, a grandson of the noted Kirkton Baronet, stood second in class at Perth in 1951. Calrossie Balmoral proved himself the supreme sire in the 1953 Perth Show by siring not only the supreme champion bull but also the grand champion female. The dam of Drummondreach Advocate is the best female in the MacWilliam herd and is by Magheramorne Commodore, two of those sons, Garguston Cock Robin and Drynie Roger made conspicuous records in American herds.

Drummondreach Broad Acre and Drummondreach Rolling Stone, sons of the 1953 Perth Supreme Champion that were sold in the 1954 Perth Sale. Both were bought by Argentine breeders at \$1,800 and \$2,010 respectively. Note the depth, ruggedness and grand heads.

Saltoun Royal Aristocrat—The bull we purchased for \$7,000 at the 1951 Level-dale Farms' sale. His sire, Pittodrie Landmark, is recognized as the greatest breeding son of Bapton Upright. He has proved an excellent sire in the "Browns of Kentucky" herds. One of his first sons was the grand champion steer over all breeds at the 1953 Kentucky State Fair. Many of the females in this sale are bred to Saltoun Royal Aristocrat.

His dam is a full sister to the dam of Leveldale Barbarian that sold in the Mathers sale for \$8,700 to Hawthorne Farms, Marshall, Virginia. Recent word from Kair states that the best heifer calf in last year's crop is from Martinet's dam. Note the intensive line breeding of Bapton Battleship and Bapton Commando. Louada Factor—Shown twice. He was the first prize senior bull calf at the 1954 Royal Winter Fair and first prize senior bull calf at the 1954 International, also, a member of the first prize get-of-sire and the first prize 3-bull group at the 1954 International. His dam was the reserve grand champion female of the 1951 Royal Winter Fair defeated only by her full sister that was the grand champion of the 1951 Royal Winter Fair. We purchased Louada Factor at private treaty at the International from Louada for \$5,000. Upon learning of our desire to disperse the Sutherland herd, Louis Cadesky and Wilber Donaldson of Louada flew to Louisville and repurchased the bull. We sold him back to Louada with the understanding that we could keep him until the middle of August to breed to many of the females being sold in this sale. Ten females have already been pronounced safe in calf to him.

Sutherland Neptune—This son of Calrossie Atlantic Wave is being used in the Sutherland herd. He carries the great Kirkton Baronet head, style, and character. One of the top calves in last year's club calf sale was sired by him and we have a number of other good ones coming along. His dam was purchased in the 1951 Bluegrass Futurity for \$1,225, and sells in this sale.

Brown-Forman Supreme is out of the best daughter of Randolph that we own. We showed her as a senior heifer calf in 1950. She stood first at Ohio, Indiana, Kentucky, Tennessee, Mid-South and at the Chicago International she was second and first in pair of calves. We bred her to Curtiss Candy M Senator, hoping to get a heifer calf to keep in the herd. With the background this calf has, he should make a good sire.

Brown-Forman Mainliner is a smooth bull with lots of quality. He will suit the breeder who wants to add imported blood. His sire was champion at nine major shows in 1950 and his son, Leveldale Basis, is one of the good stock bulls at Leveldale. His dam, Cluny Lady Augusta, was sired by Cluny Chieftain, sold at Perth for 1,450 gns. for export to Argentina. Calrossie Command was one of the best bulls ever used at Cluny. Cluny Lady Augusta has proven herself to be a good producing cow. Her 7-months-old heifer sold for \$1,000 and she now has a red heifer calf by Morphie Leveldale that is the best yet.

Ashbourne Broadhooks 2nd. Topped the 1954 Browns of Kentucky Sale at \$2100 going to Kickapoo Farms, Kenosha, Wisconsin. She is out of Saltoun Ann Broadhooks, granddam of lot 5.

It is well known that Garvin Brown and Dan Cox spared no effort in assembling at Sutherland one of the breed's great cow herds. Each year the best heifers have been retained.

Now this noted herd must be sold. It will be an opportunity for strong herds to become stronger.

With the Sutherland dispersion, plus twenty-five outstanding productions from Ashbourne Farms and Brown-Forman Experimental Farms this will be a sale no breeder will want to miss.

Brookside Jilt—There are not many daughters of Calrossie Cock Robin offered for sale as they are the kind breeders put back in their own herds. Cock Robin, withdrawn from Perth as a stock bull at Calrossie, was imported in 1949 by Grant Campbell. He is a splendid individual and a proven sire. The dam of this heifer is a Bapton Jilt. Bred April 20, 1955, to Louada Factor. Examined and pronounced safe in calf.

Spring Eliza C—By Imp. Keir Graduate that is siring good calves for Clyde Harlow, Tipton, Indiana, and out of an excellent daughter of Imp. Lawton McGregor. Sells with her red bull, Sutherland Capstan, January 10, 1955, by Ballathie Heir. Ballathie Heir, by Kirkton Heir, is leaving a great set of calves at Spring Willows Farm, Union Grove, Wisconsin. Service date to be announced on sale day.

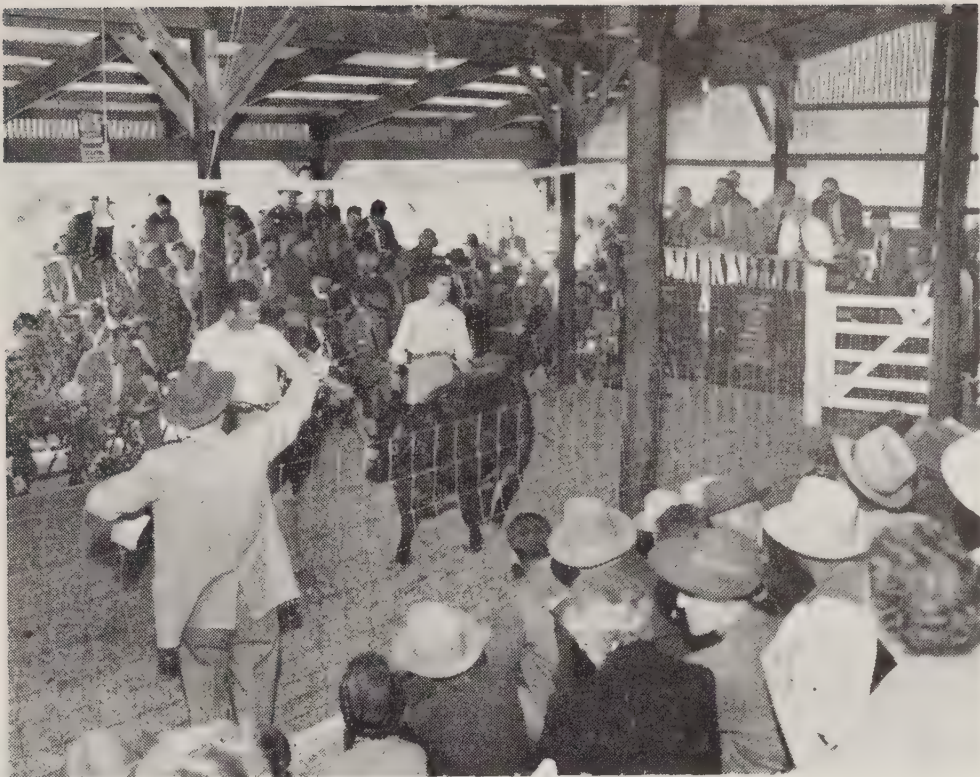

W. L. Lyons Brown, owner of Ashbourne Farms, past President of the American Shorthorn Breeders' Association and serving a term now as vice-president, proudly displays some of the trophies won by Ashbourne.

## **THE ASHBOURNE AND THE BROWN-FORMAN EXPERIMENTAL FARM ENTRIES**

Twenty-five head will be sold from these fine herds. Normally, twice that many would be sold by them in the annual "Browns of Kentucky" Sale. With the large number due to the Sutherland Dispersion, it has been possible for the other two herds to be more selective than ever before. The Sutherland Dispersion . . . plus the 25 best from Ashbourne and Brown-Forman Experimental Farm. What an offering.

Brown-Forman Myrtle R is from the popular Myrtle family that have been good producers in the top herds of Canada and the States. Luther Rice purchased Browndale Myrtle 7th in the Maxwalton dispersal sale. We wanted this family in the Brown-Forman herd. Brawith Myrtle was bought from Mr. Rice as a foundation cow. She was carrying Brown-Forman Myrtle R. She is a well developed heifer sired by a great breeding bull and we feel sure she will make a great cow. Will be served by Saltoun Royal Aristocrat.

## **An Important Annual Event At The "Browns of Kentucky" Sale**

Last year we instituted a new annual feature to the "Browns of Kentucky" sale . . . an annual club calf sale. Twenty calves sold to boys and girls from five states. The quality was high, yet they brought prices that left plenty of room for profit for those who took them home. The top was \$240.

This year we have enlarged our club calf sale to 25 steers. These will come from the three Browns of Kentucky herds and also from the fine Hickmandale herd of Harry Lee Waterfield, Clinton, Kentucky; Almahurst Farms, Lexington, Kentucky; and Aldymar Farms, Robert Hampton, LaGrange, Kentucky.

We wish the new owners lots of success with these calves. They look to us like the kind that can win.
